INTRODUCTION

Welcome to Tillman Furniture Company. This handbook is yours to keep for as long as you continue your association with our Company. We hope you will find the handbook useful.

This handbook is not intended as a formal or exhaustive statement of employee rights and responsibilities. Nor is it a contract of employment. It is simply a summary of the Company's current policies, rules, procedures, and benefits. We feel very strongly that we must retain flexibility in making changes in the working conditions and benefits of our employees in order to meet future economic challenges. Accordingly, the Company reserves the right to amend, modify, and/or eliminate any of these policies, rules, procedures, and benefits.

COMPANY HISTORY

Herman Tillman, Sr. and B. F. Lemon formed a partnership on August 1, 1945 and opened Copiah Furniture Company on Marion Avenue in Crystal Springs. Mr. Lemon managed the business and Mr. Tillman provided the capital from his employment with Illinois Central Railroad. Within two years another store was opened on Ragsdale Avenue in Hazlehurst. The business prospered with Mr. Lemon's management and Mr. Tillman contribution of capital from his railroad job. But in the late 1940's, being short of working capital to finance growing accounts receivable, Mr. Tillman sold his share of the business to Mr. Wade Funchess of Hazlehurst.

A Laurel store, LeGrande Furniture Company, was soon opened by Mr. Lemon and Mr. Funchess, however, the three stores were closed in 1950 because of the death of Mr. Funchess and the ill health of Mr. Lemon.

Mr. Tillman continued his employment with the Illinois Central Railroad as freight conductor. In 1948 he purchased Hazle Hotel, a small down town hotel. His wife, Willie Nelson Tillman, operated the hotel.

Mr. Tillman got into the furniture business a second time when a guest of the hotel mentioned that he had a load of used furniture for sale and asked if Mr. Tillman knew of anyone who would be interested in buying it. The story was that the load of furniture was brought to a furniture dealer in Hazlehurst but

because of a price dispute with the dealer, the hotel guest could not get rid of the furniture and he wished to return to Chicago. The price was right! Mr. Tillman bought the load of furniture and quickly sold it in an unused dining area of the hotel. Walter Dillon Nelson, Mrs. Tillman's brother, operated the used store in the back of the hotel. The hotel business was not as good as the furniture business. Another truck load of used furniture was brought in from Chicago from the same dealer who had been stuck with the original load. Pickup loads were brought from Roy and Claude Myers dba Tulane Furniture Company on almost a weekly basis. Herman Tillman, Jr. joined the company full time in 1960. New furniture had begun to be sold and more of the hotel was taken over by Tillman Furniture Company. Margaret Porter Russell was salesperson. On June 2, 1970, Frances Stokes joined the company as bookkeeper using a used Burroughs' Sensiamatic posting machine. William Durr delivered. The hotel business was closed, but the furniture business was remodeled and took over the entire two story building. A store in Crystal Springs was opened in 1971 with Jean Martin as manager. In 1972 a store in downtown Magee was purchased from Mr. Prentiss Brown. This store was relocated to a new, larger store on 49 Highway in 1992. Home Furniture Company, in McComb was acquired from Mr. Robert H. Hemeter in April 1991. In 2008 a building was leased for a store in Brookhaven. A new Brookhaven store was built and opened August, 2013.

EQUAL EMPLOYMENT OPPORTUNITY

The Company is strongly committed to equal employment opportunities in all of its employment practices. We recruit, employ, train, transfer, promote, pay, discipline, lay off and terminate employees solely on the basis of individual qualifications and merit, and/or according to the standards and policies outlined in our employee handbook and related policies. Decisions involving any aspect of the employment relationship must be made without regard to race, color, creed, religion, sex, age, national origin, marital status, physical or mental handicaps, or any other status or characteristics protected under federal or state law. Discrimination or harassment based on any of those factors is totally inconsistent with our philosophy and will not be tolerated at any time. Any employee who witnesses any harassment or any other conduct inconsistent with the philosophy of this section should report the incident immediately to management. Along with advantages and opportunities offered by Tillman Furniture Company go certain responsibilities. Your primary responsibility is to do a good job in the work assigned to you. Doing a good job requires you to think for yourself and to ask questions. Our Company is interested in your ideas and will appreciate your efforts to do an outstanding job.

Doing a good job also implies certain obligations on your part; maintaining good health and mental alertness, using good judgment, being prompt and regular in attendance, cooperating with your fellow employees, and being loyal to your Company. You will want to keep well informed on our Company and its services so that you will be able to talk intelligently about it.

PROBATIONARY PERIOD

All new employees are hired for a 90 calendar day probationary period. This is a trial period during which a new employee's job performance is carefully observed by a supervisor. Probationary employees may resign or be terminated at any time for any reason, with or without notice. Probationary employees are not eligible to participate in Company benefit plans.

ABSENTEEISM

All employees are expected to attend work on time and as scheduled. The Company recognizes that some degree of absence or tardiness, because of bona fide illness or emergency situations, beyond the control of the employee, may be unavoidable. In such a situation, the employee is responsible for notifying his or her supervisor as soon as possible.

Unexcused absences increase the workload of other employees and disrupt the Company's operations. Employees who have unexcused absences or are guilty of excessive absenteeism or tardiness will be subject to appropriate disciplinary action.

DISCIPLINE AND DISCHARGE

The Company reserves full discretionary authority to discipline and discharge employees at any time. The Company exercises its own judgment on disciplinary matters and said judgment is final and binding.

Ordinarily, the Company takes into consideration the employee's conduct, past record, length of service, the surrounding circumstances and the business concerns of the Company. Although employees normally are given an opportunity to correct problems before termination of employment is imposed, the Company specifically reserves the authority to impose termination for a first offense if, in the Company's sole discretion, it considers this penalty appropriate. Warnings, suspensions, and other penalties may be imposed, but there is no requirement of any specific number of sequences of disciplinary measures.

CONFLICT AMONG EMPLOYEES

Conflict among employees threatens productivity, creates a terrible work environment that contributes to poor morale, absenteeism and lower rates of employee retention. A lack of respect among co-workers will not be tolerated. Cooperation is mandatory.

POLICY REGARDING FRATERNIZATION

No fraternization between male and female employees will be allowed. This policy applies not only to the normal workday, but extends into non-working hours as well. Any violation of this policy will result in immediate termination.

COMPANY POLICY ON ALCOHOL AND DRUGS

Drug abuse, once confined to a small segment of the population, is today a growing national problem, found in every sector of society and spreading to every industry and occupation. Recent government-sponsored studies estimate that drug use each year costs the American economy billions in lost productivity, increased rates of employee absenteeism, poor performance, on-the-job injuries, higher medical costs and rising thefts.

For many years, Tillman Furniture Company has had a strong commitment to its employees to provide a safe work environment and to promote high standards of employee health. Consistent with the spirit and intent of this commitment, the Company has established this policy regarding drug and alcohol abuse. The Company's goal is to establish and maintain a work environment that is free from the effects of alcohol and drug abuse.

While the Company has no intentions of interfering with the private lives of its employees, the Company expects employees to report to work in a condition to perform their duties in a safe, effective and efficient manner. The Company recognizes that an employee's off-the-job as well as on-the-job involvement with drugs and alcohol can have an impact on the workplace and may present a substantial risk to the employee who is using alcohol and illegal drugs on the job or the employee's coworkers.

Possessing, using, transferring, offering, or being under the influence of any sedative, narcotic, or drug (except as authorized and prescribed by a physician) while on Company property, Company time (such as a customers' premises) or in other circumstances which might adversely affect our operations or safety is prohibited. This includes consuming such substances prior to reporting to work or during breaks or lunch period.

Any employee who is under the influence of a narcotic during work hours must provide a copy of the prescription to his/her manager before clocking in for work. The manager will use his/her discretion in regard to job duties the employee is allowed to perform while under the influence of the narcotic. The employee must also alert the manager when he/she is no longer taking the drug.

Where evidence indicates an employee may have violated these rules, he will be suspended immediately and/or be required to submit to a search of his/her possessions and/or personal testing, either of which may result in termination.

The following drug screens will be required for employment:
Pre-employment
Random during employment
Following an accident or injury on the job
When an employee returns to work following an injury
Anytime a member of management has reasonable cause to suspect drug use

Effective 5/17/00 all new employees hired will be required to submit to a urine drug analysis. Tillman Furniture will pay for the initial cost of the test, however, should the test be positive for illegal drugs, the employee will be terminated and the cost of the test deducted from that employee's final paycheck. Also, should the employee leave the employment of Tillman Furniture Company, Inc. within three months of hire for any reason, the employee will be responsible for the cost of the drug screen.

Effective 5/17/00 all existing employees who test positive on urine drug analysis will be terminated with the cost of the test deducted from that employee's final paycheck.
